

By-Law Amendment Meeting Vote:

There have been questions about the quorum change.

Star Valley Ranch Association would love to see every lot submit a vote for every election. Currently the quorum for the Annual Meeting and Election of Board of Directors is 30%. Unfortunately only 10-20% of eligible lots historically vote. Changing this quorum requirement to 10% will allow us to achieve a quorum and conduct our annual meeting and election for Board of Directors.

(This change will not affect the Special Assessment quorum requirement of 60% of eligible voters or the By-law amendment quorum requirement of 50% of eligible voters)

As always if you have any questions, please do not hesitate to contact the SVRA office.
