

DCCR Revisions Committee Notes
Thurs, Sept. 25, 7:00-8:30 pm
Library

THE COMMITTEE HAS RECEIVED 205 RESPONSES TO THE DCCR REVISIONS SURVEY!

We are grateful to our all those who have responded, however we want and need more so we are sure we have a broad representation of the Association membership. Your input is vital to our direction in 2009.

The Committee changed the focus of the meeting so we could collate input from the survey responses.

In addition, the Committee accepted a hosting statement for the DCCR Revisions blog which says:

Welcome to the DCCR Revisions Committee blog. We are gathering input in order to determine which sections of the DCCRs have great interest among our members for revision, which only comes up every 20 years. The purpose of this blog is to give information about our process and to receive input from our members. The Committee will not answer individual posts, but we will keep track of requests, questions, and ideas. Blog posts will be screened and deleted for offensive language.

Kathy will work with the Office in the coming week to make the blog active on the Association website.
