**Star Valley Ranch Association
Long Range Planning Committee
Study Group for future SVRA Recreation and Activities**

Summary Narrative

The Study Group on Future Recreation and Activities for Star Valley Ranch is a subgroup of the Long Range Planning Committee of the Star Valley Ranch Association. The study group has met regularly during June and July 2006 to explore needs and identify top priorities for future recreation use on the ranch. The eleven-member study group was made up of both full and part-time residents of Star Valley Ranch and represents diverse ages, genders and activity interests. To enhance the efforts of this group, members also reached out to get added input from others living on the Ranch. This report is a summary of their work and recommendations for the future. The report does not include considerations for the existing golf courses and programs.

Working through a nominal group process, the group identified areas for future recreation and activity implementation for the ranch. Each member of the committee was given the opportunity to share their ideas and dreams for future programs during a brainstorming session. All items were recorded and are included in the Appendix of this report. Group members then prioritized which items were most important and assigned a time range for possible future development. Planning stages were broken into three ranges – zero to 2 years, two to five years and five to ten years. From this process, the group recommends to the Long Range Planning Committee of Star Valley Range Association that the following items receive appropriate resources and priority in the future direction of Star Valley Ranch:

1. Formalize a Recreation Department/Program
2. Community Recreation Center
3. Neighborhood Parks
4. Community Pathway System
5. Cross-Country Ski Trails

The formalizing of a Recreation Department for Star Valley Ranch and the building of a Community Recreation Center are the items that the group recommends be moved forward for immediate planning and implementation by SVRA and the town of Star Valley Ranch. We would also hope that the Long Range Planning Committee would include in the overall planning, the inclusion of the other priority items in this report and would maintain consideration for the other items and programs listed in the Appendix.

4. Voting on Priorities – The next step of the process involved voting on priorities. Each group member was given a sheet of paper and pencil and directed to write down their top five priorities from the brainstorm list. It was agreed that if a member included the idea of a Community Recreation Center as one of the top five priorities, they also would include their top five program activities they felt should be included in the Community Recreation Center. Once all ballots were collected, the results were tabulated using the following point system:
- 1st Priority 5 Points
 - 2nd Priority 4 Points
 - 3rd Priority 3 Points
 - 2nd Priority 2 Points
 - 1st Priority 1 Point
5. Listing results – The Priorities for the Study Group on Recreation and Activities were as follows:

	<u># of Votes</u>
1 – Recreation/Community Center	34
2 – Neighborhood Parks/Green Space	19
3 – Walking/Jogging/Bike Path	12
4 – Cross-Country Ski	11
5 – Recreation Program Formalized	6
6 – Bridger-Teton Access & Programs	5
7 – Softball Fields	4
8 – Day Care Cooperative	3
9 – Bocce Ball	3
10 – Recreation Director/Coordinator	2

In addition, the priorities for the Recreation/Community Center were also tabulated and prioritized in order:

1 – Fitness/Exercise Area	29
2 – Multi-Purpose/Meeting Room Space	25
3 – Kitchen/Lounge	12
4 – Gymnasium	10
5 – Jogging/Walking Track	8
6 – Cultural Center	5
7 – Locker/Showers	5
8 – Day Care Center	2
9 – Indoor Climbing Wall	1
10 – Performance/Stage Area	1

6. Assigning planning stage to priorities – Once the priorities were identified, the top five items were assigned a possible timeline for planning and implementation. They were either placed in a 0-2 year range, a 2-5 year range or a 5-10 year range. Most items involved some planning and implementation steps in multiple stages.
7. Final clarifications on items – From this process, the group then made final clarifications to the top priorities and agreed to move the formalizing of a recreation program as the number one priority for the group, followed by the building of a Recreation/Community

The Study Group for Recreation and Activities

The Recreation and Activities Study Group is a sub-committee of the Long Range Planning Committee of the Star Valley Ranch Association. The purpose of this group is to explore and identify recreation and activity priorities for the long range planning of the Star Valley Ranch Association.

Study Group Members

The Study Group for Recreation and Activities is made up of eleven residents who live on Star Valley Ranch. Six members live year round on the ranch year round and the other five members live on the ranch part-time during the year. They represent a diversity of age, gender and activity interests. All members are committed to enhancing recreational activities and opportunities for all residents of Star Valley Ranch. Members include:

Mark Bukwenski	John Daulton	Sarah Day
John Diel	Paula Diel	Kelly Dunston
Lynsey Hose	Diane Jones	Rick Nelson
Carolyn Nelson	Robert Palmquist	

Rick Nelson served as the committee chairperson for the study group. Rick has a Bachelor's degree in Recreation and Leisure Studies from the University of Minnesota and a Master's Degree in Organizational Leadership from St. Catherine's College.

Study Group Process and Meetings

The Study Group for Recreation and Activities met six times from June 8 to July 20, 2006. The process for their meetings and direction where as follows:

1. Get Acquainted – The first meeting together was a chance to get acquainted and to hear from John Daulton (member of the Star Valley Ranch Association Board of Directors and chairperson of the Long Range Planning Committee) who shared the purpose of the study group and expectations for the group. During this meeting, group members also had a chance to share their recreational experiences on Star Valley Ranch.
2. Brainstorming of ideas – During the next meeting, group members began by brainstorming all possible recreational activities or needs they felt important for Star Valley Ranch. Going from person to person, each member gave one idea that was recorded on flip chart paper. Members had a chance to briefly explain this idea and clarify if someone didn't understand. This process continued until all possible ideas from the group were shared. During this process, no one was allowed to judge or criticize any idea that came up during the brainstorming.
3. Clarification of ideas – During the next meeting, group members had a chance to add any new ideas and to clarify any items on the brainstorm list. The overall brainstorm list is included in Appendix A of this report. From this list, several items that were closely related were combined into a single item or group. One item that was brought up by many was the idea of a recreation or community center. Under the Community Recreation Center item, many possible program ideas were included and listed under the Center.

Center, Neighborhood Parks, Jogging/Walking/Biking Paths and Cross-Country Ski Trails. The final matrix for these areas, with planning stages is included in Appendix B.

Recommendations to Long Range Planning Committee

The following items are the top priorities for long range planning for the area of Recreation and Activities:

1. Formalize a Recreation Department/Program

A Star Valley Ranch Association Recreation Department would serve as the center for coordinating, planning and implementing of any of the short, medium and long-term objectives for recreation and activities. This would include the organizing of a planning/coordinating committee for Recreation, identifying activity needs, recruiting of volunteers and staffing, and development of future facilities and resources.

2. Community Recreation Center

The Recreation/Community Center would serve as a year-round facility for recreational, social and community activities. This would include facilities for fitness training and exercise, multipurpose classrooms and meeting space, kitchen and appropriate locker facilities. This also could include areas such as gymnasium and a pool.

3. Neighborhood Parks

Small Neighborhood Parks would be placed at various locations in Star Valley to serve the needs of residents who live further away from the Community Recreation Center. This would particularly serve the needs of families with small children, with playground space and picnic facilities.

4. Community Pathway System

The Community Pathway System would provide safe pathways around the ranch for walking, jogging and biking. This system of paths could also link up with plans for a great pathway system being developed for the greater Star Valley region and communities.

5. Cross-Country Ski Trails

A tracked cross-country ski trail system would provide physical outdoor recreation opportunities during the winter months. This system of trails could utilize the green spaces of the existing golf courses and the proposed community pathway system.

Conclusion

The Study Group for Long Range Planning of Recreation and Activity programs for the Star Valley Ranch Association spent many hours discussing, brainstorming and reaching a consensus on recreation needs for the future. We strongly encourage the Long Range Planning Committee to move forward our top priorities for the future, with particular emphasis on the formalizing of a Recreation Department and the building of a Community Recreation Center.

Appendix A
Star Valley Ranch Association
Long Range Planning - Recreation Study Group
Activity programs / facility areas

- Bocce Ball
- Softball Fields
- Frisbee Golf Course
- Cross Country Ski Trails
- Snow Shoe Trails
- Green Space / Regional Parks in various parts of ranch
- Dog Walking Park / Path
- Walk/Jog/Bike Path
- Skate Board Park
- Access to Bridger-Teton National Forest
 - Information Boards, etc.
- Sponsored Hikes and Outdoor Experiences
- Regional Outdoor Adventures (Greater Yellowstone Region)
- Forest Service - Communication Link
- 4 Wheel ATV alternatives
- Stars/Telescope Program
- Recreation/Community Center
- Indoor Shooting Range
- Cultural Center
- Recreation Vehicles
- Recreation Director/Coordinator
- Senior Cooperative
- Daycare Cooperative
- Insurance Coverage for programs
- Recreation Program Formalized
- Air Rifle Range
- Recreation/Community Center
 - Indoor Pool
 - Fitness/Exercise Room
 - Gymnasium
 - Multi-purpose Room
 - Indoor Climbing Wall
 - Meeting Spaces
 - Jogging / Walking Track
 - Cultural Center
 - Performance/Presentation Stage & Auditorium
 - Aerobics Area
 - Bowling
 - Kitchen
 - Day Care Center
 - Lockers / Showers
 - Sauna
 - Hot Tub
 - Telescopes

2008 Action Plan GOAL # — Formation of the SVR Community Recreation Program

PURPOSE

That the general purposes and objectives of this corporation are as follows: To improve, construct, maintain, operate and care for such parkways, parks, playgrounds, golf course, recreational areas, community club houses and other community buildings... "Article III.a - General Purposes, Articles of Incorporation of Star Valley Ranch Association, (11/9/70)

VISION

The vision of the SVRA is to provide and promote well maintained facilities and promote affordable recreational and social opportunities for its community under the provisions of the DCCR's.

Goal: Organize, develop, promote and operate a Star Valley Ranch community recreation program.

Rationale: *Our growing population, changing demographics and removing the "town-like" responsibilities (Water and Roads) that have occurred in our community in just the last few years has allowed us to begin focusing our goals and efforts toward the original purpose of SVRA to become an AFFORDABLE recreational community. To assure the successful transition to a total recreational organization, (i.e. complementing the existing Golf, Tennis and Swimming programs), a formal recreation program process is now necessary, affordable and achievable.*

In June 2006, the Recreation and Activities Study Group, a sub-committee of the Long Range Planning Committee, conducted an in-depth study in order to explore recreational needs and identify top priorities for future recreation activities and programs at SVRA and produced a report containing five recommendation areas. The report also contained a matrix outlining items and projects for each of the five recommendations which are divided into Short Term (0-2 Years), Medium Term (2-5 Years) and Long Term (5-10 Years) goals.

The next step is to form a community recreational committee and begin implementing the goals found in the study group report.

Written by: John Daulton and Rick Nelson

Action Strategies	Evidence of Success	Who is Responsible	Timeline	Cost
Hold an organizational meeting to form the Recreation committee. Use the 2006 Recreation Study Group report as a guide. People; John Daulton, Rick and Carolyn Nelson, Nate, John Diel, Diane Jones. Bob and Hanna. Robin Luhon, (Michelle Byers.883-0080)	Meeting Held and Committee formed.	John Daulton, Rick Nelson	August	
Objective #1- Begin the SVR Rec program by creating a yearly Activities Guide, updated monthly, promoting the recreational and wellness activities available to SVR community members, families and their guests. (brochure, email, and Internet)		Rec committee	August	
Work with the GM to write a Job description for a Rec Coordinator and establish this position		Rec committee	August	

Action Strategies	Evidence of Success	Who is Responsible	Timeline	Cost
beginning June 1, 2010				
Develop the 2010 Recreation budget		Rec committee (Assistance from GM and others)	August	
Present the 2010 Recreation budget to the Finance committee.		Rec committee	September	
Assistance with the initial financing for the REC program will be from another organization that will be set up this spring, the Star Valley Ranch Foundation, a 501 3(C) organization with the projected beginning fundraising project called <i>the Kick-Off Campaign</i> focusing on the 2 goals below.		Rec committee		
Coordinate with the Town of SVR to organize and promote community wellness programs.		Rec committee		

Ideas for a Recreation Coordinator Job Description

- Part time position- June 1 to August 31
- During the remainder of the year the Member Services Coordinator assumes the duties of coordinating the remaining recreational programs.

GENERAL PURPOSE

Under general supervision from the GM, performs professional duties in scheduling, public relations, planning, developing, coordinating, implementing the SVRA Recreational Program.

1. Public relations duties

- A. Responsible for the publication of the Community recreational calendar master recreation brochure and other publications; ie., flyers, press releases, etc.

2. Clerical duties

- A. Responsible for program and activities registration,
- B. Assist the Recreation Committee and GM in the development of programs, classes, schedules, and implementation of activities and programs.
- C. Set up tables, sports equipment, chairs, and bleachers for classes and programs.
- D. Coordinates with customer to determine technical and/or other special requirements necessary for the event.
- E. Provides assistance and information to staff and outside organizations regarding facility use and capabilities; maintains contact with patrons or clients via telephone or written correspondence.
- F. Additional duties are to assist with member service duties; answering phone, assisting walk-in members, etc...
- G. Makes safety checks on the facility and eliminate hazards to ensure complete safety of the patrons.

3. Community Programs:

1. Acts as liaison to other community organizations that impact our members.

4. Necessary Knowledge, Skills and Abilities

- Knowledge of word processing, desktop publishing, spreadsheets, and other recreation related computer software.
- Ability to work under stressful situations; ability to stay calm; have excellent problem solving skills.
- Ability to prepare and administer budget, maintain records and prepare reports.
- Ability to establish and maintain effective working relationships with co-workers, public, news media and other departments and agencies; ability to follow written and oral instructions; ability to communicate effectively, verbally and in writing; ability to direct the work of others

Job Title: Facility Superintendent

Section: Facilities

Written by: Ernie Bigelow

Reports to: General Manager

Job Titles Supervised: Facility Assistant, Events Coordinator, Lifeguards, Pool Attendants, Volunteers

Date Written: 01/23/2004, updated 5-21 -07

Date approved: 5-21 -07

Job Purpose: To maintain the upkeep of all SVRA buildings, parking lots; pools, tennis courts, safety equipments, parks and events and to manage all the things necessary to do this including: hiring, training, ordering, bidding, budgeting, purchasing, scheduling, keeping records, emergency situations, basic auto mechanics, seasonal procedures, housekeeping and safety equipment checks.

Job Description: To maintain and manage SVRA buildings, pools, parks, parking lots; events, tennis courts, and safety equipment

1. Buildings: SVRA office, library, pro shop, cook shack. Aspen Hills cart building. Aspen Hills pool building, four golf course restrooms, main shop, Silo/Barn pro shop. Cedar Creek cart barn, and Cedar Creek pool building.

- a. Seasonal procedures including winterizing and flushing in the spring and putting up and taking down plywood (Winterizing and opening up in Spring).
- b. Repairs and maintenance including construction, painting, and plumbing.
- c. Ordering supplies and equipment for maintenance.
- d. Have contact and interface with health inspector.
- e. Snow removal from roofs and surrounding areas.

2. Pools: Cedar Creek

a. Keep Certification current

1. Certified Pool Operator
2. Lifeguard
3. CPR for the professional rescuer
4. Advanced first aid

b. Maintain a good working relationship with the health inspector.

c. Supervises pool staff.

d. Monitors and adjust pool water quality.

e. Hiring, training, scheduling, and solving problems of employees.

f. Maintenance of pool, pool equipment and pool building.

g. Seasonal procedures including start up and shut down.

h. Ordering of all pool chemicals and equipment.

i. Proper record keeping for safety reasons

3. Events: cards, potlucks, meetings, golf tournaments, weddings, clubs, activities, shows, dances and all other sponsored Association activity. a. Hire and train Events Coordinator b. Set up, tear down and clean up of event c. Housekeeping to include cleaning before and after each event.

4. Parks: Ice skating rink. Cedar Creek play ground. Cedar Creek basketball court, pavilion, horse shoe pit, volley ball court. Aspen Hills play ground. a. Safety checks and maintenance on equipment. b. Seasonal shut down and clean up. c. Ice rink

7.12 FIREARMS, FIREWORKS AND FIRES

Because of the inherent dangers, the discharge of fire arms on the Ranch is strictly prohibited, as are all types of hunting. The setting-off of fireworks is also strictly prohibited because of the danger of fire on the grass and wooded areas, as well as the rights of all members to not be disturbed by the noise. These prohibitions are posted at the entrance of the Ranch, and any violation should be reported immediately to the Administration Office or Security.

The possible exception to the prohibition of fireworks is the optional Fourth of July display. This may be put on by the Association in the area from the Silo toward the pavilion, under close control, with fire and medical personnel standing by. These displays have become one of the major attractions of the season and draw large crowds. However, due to budget constraints and the danger, this display may or may not be budgeted on a year-to-year basis.

Again, because of the danger of fire in the grass and wooded areas, open fires are also strictly prohibited, except in the designated fire pits in the Pavilion area or approved fireplaces.

Reference ARTICLE VII and ARTICLE VIII, Section 14, of the DCCRs, the building of any proposed incinerator must have prior approval of the Architectural Committee.

Approved

General Manager	Date
SVRA Board Chairperson	Date

- a. Maintenance and season set up and tear down including drinking fountain. b. Cleaning tennis court areas weekly; net repair or replacement. c. Touch-up painting as needed.
- 6. **Safety:** Check and maintain safety equipment for all facilities including office, silo, barn, cook shack, pool building and golf course maintenance buildings (exit signs, fire extinguishers, back up emergency lights, water suppressant system.)
- 7. **Miscellaneous:**
 - a. Create a annual budget of expected expenditures
 - b. Public relations with Members and employees
 - c. Obtaining bids for all facility projects
 - d. General vehicle mechanics and maintenance
 - e. Handle emergency situations at pools and facilities
- 8. **Exhibits cooperative behavior**
 - a. The incumbent will at all times demonstrate cooperative behavior with colleagues, members and supervisors. b. Incumbent will work well under pressure, meeting multiple and sometimes competing deadlines.

Job Qualifications:

Knowledge:

Facility Superintendent must be a Certified Pool Operator. Certification is every five years. Must have working knowledge of plumbing, electrical, construction, painting, concrete, over all general maintenance. Must have good communication skills and good managerial skills.

Environment:

Physical Demands:

Balancing, carrying, climbing, crawling, crouching, feeling, fingering, grasping, hearing, kneeling, lifting, pulling, stooping, talking, walking and seeing, exposure to elements and severe temperature changes.

Exposures:

Airborne particles, caustic, chemicals, electrical current, explosives, fumes, high places, moving parts, muscular strain, noise, odors, temperatures, toxicants, vibrations, visual strains, and weather.

Supervisory Responsibilities:

Number supervised: 10

Assign and check work, hire, discipline and terminate employees, plan and appraise jobs, recommend pay increase and training.

Job Title: Facility Assistant
Section: Facilities
Written by: Ernie Bigelow
Reports to: Facilities Superintendent
Job Titles Supervised: None
Date Written: 02/05/2004; Updated 5-21 -07
Date approved: 5-21-07

Job Purpose: To assist the Facility Superintendent in all duties including but not limited to: maintaining the up keep of all SVRA buildings, pools, tennis courts, safety equipment, parks, and events.

Job Description:

1. Buildings: assist in the repairs and maintenance, including painting, cleaning, plumbing, construction, and general upkeep.
2. Pools: assist in the upkeep of the pool and pool area.
3. Parks:
 - a. Garbage removal
 - b. Keeping the basketball courts clear of debris and the hoops in good working order.
 - c. Volleyball court cleared of debris, weeds pulled and equipment in good working order.
 - d. Horseshoe pits raked, cleared of debris, weeds pulled and equipment in good working order.
 - e. Play ground area needs constant week control.
4. Tennis courts need to be cleaned weekly, weed control and general upkeep.
5. Assist the Facility Superintendent and the Events Coordinator in the set up and clean up of events.
6. The incumbent will at all time demonstrate cooperative behavior toward colleagues, members, supervisors, and managers.
7. Performs any duties assigned by the Facilities Supervisor.

Job Qualifications:

Knowledge:

Knowledge of general building repair and maintenance is required. Must be able to work independently and be able to follow instructions.

Environment:

Physical Demands:

Carrying, crouching, feeling, fingering grasping, hearing, kneeling, lifting, pulling, stooping, talking, walking and seeing.

Exposures:

Chemicals, explosives, fumes, moving parts, noise, odors, temperatures, toxicants, visual strains, and weather.

Job Title: Events Coordinator
Section: Facilities
Written by: Ernie Bigelow
Reports to: Facilities Superintendent
Job Titles Supervised; None
Date Written: 02/04/2004, updated 5-21-07
Date approved: 5-21-07

Job Purpose: Events Coordinators purpose is to schedule, organize, set up and dismantle events. Handle all public relations, communications and special needs related to the events held within SVRA.

Job Description:

- * 1. ~~Plan and organize calendar of events.~~ *Assoc. Activities Events
or Rental of Facilities*
- * 2. Take phone calls related to events.
- * 3. Schedule the events.
- * 4. Set up events including (potlucks, board meetings, banquets, card games, bingo, dances, activities, clubs holiday events, variety show, parties, weddings, luncheons and all other Association sponsored or Member/Visitor requested event).
- * 5. Tear down and clean up after events making sure all chairs, tables, tents, furniture is put back in their proper places.
- * 6. Inform other departments of events and changes to the events, coordinate between administration, golf, greens and facilities.
- * 7. Provide a weekly calendar of events to the office, facilities superintendent, housekeeper, Cedar Creek Pro Shop, Aspen Hills Pro Shop, Lounge and Security.
8. Fill out appropriate paperwork. Collect funds for cleaning deposit and facility rental.
9. Determine if the cleaning deposit is to be refunded based on the condition in which the facility is left.
10. Change the marquee upon request of the General Manager.
11. Notify Facility Supervisor of any repairs or damage noted in inspection of buildings.
12. Incumbent will at all time demonstrate a cooperative behavior towards members, visitors, supervisors and General Manager.

Job Qualifications:

Knowledge:

Good public relations and phone skills. Good organizing and record keeping skills. Must be able to handle some physical requirements.

Environment:

Physical Demands:

Carrying, feeling, fingering, grasping, hearing, lifting, talking, walking, seeing, bending, crawling, kneeling, stooping and crouching.

Exposures:

Muscular strain, noise, temperatures, vision strain, and weather, extension cords, and heights.

BOCCE

There are many websites describing all aspects of this game. It is an international sport and there is a US Bocce Federation. Usually played on a hard surfaced court (like a clay tennis court), recreational Bocce can be played on grass or almost any surface. A flat, putting green surface would do very well. The nature of the game is similar to Horseshoes & Shuffleboard. I have summarized some of the typical features below. Detailed rules are available from many sources.

Court:

10 to 15 ft. wide, 60 to 95 ft. long
A board frame surrounding the playing area.
(May have only end boards or no boards)
Foul lines marked 16 ft. from each end.

Players:

Ordinarily two teams of four members each.
Two members of each team at each end of the court.
(Could be played with half the people by switching ends.)
(Could conceivably be played by only two people.)

Equipment:

One small white ball (pallino).
Eight larger balls (bocce), four each of two colors.

Object:

Pallino is rolled first.
Teams alternate bocce rolls.
Only team with bocce closest to pallino at end of the set scores.
Next set is from opposite end of court.
Sets continue until there is a winner.

Scoring:

One point for each bocce closer to pallino than best opponent.
Winning may be a 13 point game.
Alternate winning may be at least 12 by at least 2 points.

Star Valley Ranch Community Recreation **SUPPORT** List- Work Sheet

1. Formalize a Recreation Department/Program

A Star Valley Ranch Association Recreation Department would serve as the center for coordinating, planning and implementing of any of the short, medium and long-term objectives for recreation and activities. This would include the organizing of a planning/coordinating committee for Recreation, identifying activity needs, recruiting of volunteers and staffing, and development of future facilities and resources.

3. Neighborhood Parks

Small Neighborhood Parks would be placed at various locations in Star Valley ^{Ranch} to serve the needs of residents who live further away from the Community Recreation Center. This would particularly serve the needs of families with small children, with playground space and picnic facilities.

5. Cross-Country Ski Trails

A tracked cross-country ski trail system would provide physical outdoor recreation opportunities during the winter months. This system of trails could utilize the green spaces of the existing golf courses and the proposed community pathway system

2. Community Recreation Center

The Recreation/Community Center would serve as a year-round facility for recreational, social and community activities. This would include facilities for fitness training and exercise, multipurpose classrooms and meeting space, kitchen and appropriate locker facilities. This also could include areas such as gymnasium and a pool.

4. Community Pathway System

The Community Pathway System would provide safe pathways around the ranch for walking, jogging and biking. This system of paths could also link up with plans for a great pathway system being developed for the greater Star Valley region and communities.
